Louisiana State Board of Examiners of Psychologists

SPECIALTY DECLARATION FORM

As a service to both the public and those individuals licensed by the board, the board offers the opportunity for registering the licensee's area of competence, education, training, and experience within a limited list of recognized "specialties,"

For the registration of a specialty in an applied area of psychology, at the time the license is granted, the candidate must meet the standards described in the LAC 46: LXIII. Chapter 3. Such supervised training experiences must be supported by appropriate graduate level education, as described in the board's rules and regulations.

Please choose ONLY ONE and return this form with your Application for Licensure. Additional specialties may be registered with the Board after licensure is granted in accordance with LAC 46: LXIII. §1711.
