

Practicum Documentation

(Applied Specialization Only)

Applicant's Name _____ Date _____

Applied areas of specialization (e.g., counseling, clinical, school or neuropsychology) require a minimum of 300 hours of practicum experience that precedes the internship. The practicum training usually requires academic credit with a time commitment of eight to 16 hours per week. This total 300 hours must include at least 100 hours of direct and client contact and at least 50 hours of scheduled individual supervision. If the information on your transcript does not include the practicums listed below, it will be necessary for you to have confirmation and verification in writing from your department chair sent directly to the Board.
