WEEKLY WEDNESDAY UPDATE #11

June 3, 2020

Dear Licensee,

The LSBEP officers and administration recognize the rapid changes occurring in your lives and practices. Therefore, this agency will continue sending weekly updates every Wednesday for the duration of the COVID19 emergency. This update is the eleventh in this "Weekly Wednesday" series, refer to the LSBEP website www.lsbep.org for archived weekly updates, links to referenced information, and other communication from the board. Additionally, please note that we are aware that due to rapid changes in information and interpretation of various directives from state and local officials, information may vary over time. Please ensure you are referencing the most updated information when making decisions about your practice.

As previously noted, should news impacting your practice require more immediate attention, additional updates may be necessary. Koren Boggs, Ph.D., Chair; Amy Henke, Psy.D., Vice Chair; and Jaime Monic, Executive Director have been meeting daily via telephone or Zoom to discuss developments in regulation and resources you need to remain compliant in your practice while putting the health and welfare of your patients first. Our goal is to keep you informed, but not overwhelm your email!

For our eleventh Weekly Wednesday Update,

On Monday, June 1, 2020 Governor John Bel Edwards announced that the state of Louisiana would be moving to Phase II on Friday, June 5, 2020. It is important to keep in mind that as state government continues to allow the reopening of certain businesses, as mental health practitioners, it is important to stay vigilant when interacting with clients, patients, students, etc by:

- Consulting and following all local, regional, state and federal guidelines.
- Staying up to date on information being published by the Louisiana Department of Health, Office of Public Health. On June 1, 2020, LDH published [“Roadmap to a Resilient Louisiana: Phase II”](#) with regional data and guidelines that you may find helpful in your practice.
- Consulting with American Psychological Association guidelines.

LSBEP again thanks Louisiana Psychologists for stepping up to the challenges in applying technology to deliver psychological services to their patients and clients safely, while respecting the health and well-being of their patients/clients, the people with whom they work, themselves, as well as the individuals who have no other choice but to be exposed to COVID19. Our Ethical Standards are established for the welfare and protection of the individuals and groups with whom psychologists work. Therefore, our charge is to think of others before ourselves and to consider all risks when determining how to provide vital care to our clients and patients. Emergency Orders and Proclamations from Federal, State and Local Governments impose stricter but necessary restrictions and guidelines impacting the delivery of psychological services for the time being. History will remember our actions or inactions at this time. Let us remember why we all chose this profession and be on the side of history that aligns with the health and well-being of all people.

Sincerely,

LSBEP Executive Committee

Koren Boggs, Ph.D., Chair

Amy Henke, Psy.D., Vice Chair

Jaime T. Monic, Executive Director
